## MEMBER SPOTLIGHT

# In Memoriam Lucy Carson

Ever since her birth in Antwerp, Belgium, in July 1931, Lucy has experienced life's many contrasts – adversities and tragedies mixed with adventures, family, and love. In her early years, she bore witness to a world war and its many challenges. She lost both her parents and found herself an orphan being hid in various locations throughout central France. Lucy credits her survival to the dangerous work of the French Underground as well as the courage of righteous gentiles who risked their lives to hide Jewish refugees.

At the war's end, Lucy reunited with her sister and other surviving family members, many of whom settled in Atlanta. In 1952, she married the love of her life, Sam. Together, they had three children.

While raising and caring for her children, Sam and Lucy enjoyed a wonderful life in Atlanta. They soon became members of the business community, starting a successful printing company in downtown Atlanta that catered to prestigious law firms.

Lucy has been also profoundly involved with her synagogue, Beth Jacob. Her deep commitment to her faith and her passion for preserving Jewish culture earned her their prestigious Woman of Valor award from in 2010.

Lucy was the loving wife of Sam Carson for 58 years before he passed away in 2012. Since then, she has been supported by her family as she aged in assisted living and memory care.

Lucy will be remembered for her love of family, her infectious smile and her determination to live life to its fullest.

## ASSOCIATE SPOTLIGHT

# Aymer

Aymer has been working in the Facilities Department with The Terraces for five years and continues to share a smiling face every day. He says his favorite thing about working here is his coworkers.

Aymer is a walking representation of our values as he dedicates himself to hard work and kindness every day. Aymer is from Columbia and raised his two sons here in Georgia.

He has a passion for music that began from a young age. His father started to teach him from at five years old, and this carried on to Aymer being a part of a band today. They enjoy playing Latin music together on the weekends.

We are so grateful to Aymer for being such a positive contribution to our staff!

# OCTOBER HIGHLIGHTS

MC and AL members were busy this month involved in many seasonal activities. At the beginning of the month, members from Memory Care and Assisted Living households made scarecrows to display during the Autumn Fest. As members worked on their scarecrows, some storytelling unfolded. Apparently, Scaregal Sally, created by MC Members, is quite the Diva. It appears that Larry and Jim, created by AL members, are vying for Sally's attention!

We had our 1st Annual Terraces Autumn Fest which was a big hit! Little ones (and big ones) enjoyed the pumpkin painting and some of the games. Jim and his daughter enjoyed a lovely dance in the twilight with Jim's 2 grandsons watching. All enjoyed the music and basking in the fall sun! Thanks to all of you for joining us! It was great to see families and friends of all ages enjoying themselves.

## NOVEMBER ARTIST SPOTLIGHT: RANDY SEWELL, MASTER OF THE WHIRLIGIG

Like many of our members, Randy Sewell, has a unique talent that we have the privilege to share with you. Randy has come to master the art form of the WHIRLIGIG! His love for Whirligigs began when he saw some whimsical creations on people's lawns in North Carolina. Thus his art journey began as he used them as inspiration to begin his own art! He continued to collect photographs and other art creations but began creating his own pieces in the late 60s. I asked him about the process, and he said it all starts with a sketch. He is able to get his idea onto paper, and the transformation process begins as he cuts into the wood to create his masterpiece. In choosing the paint, Randy says that he is thinking about that the whole time. By the time he gets to the painting portion it is already designed in his head. That is the process of a true artist!
When I asked him about his greatest accomplishment in the art world, he shared with me that his work had been in many galleries and the Smithsonian! His love for these whimsical creations has helped him produce beautiful and impressive whirligigs. He has made over 100 of them. Randy also shared that he is talking to the High Museum in Atlanta about getting his work there, so keep an eye out!
VIEW RANDY'S ART ON DISPLAY FRIDAY, NOVEMBER 22 FROM 2-4PM IN THE BISTRO.
