THE TERRACES®
AT PEACHTREE HILLS PLACE

Do You Know Someone Experiencing the

SIGNS OF DEMENTIA?

If someone you care for was diagnosed with dementia, don't miss the opportunity to step into their world through this interactive experience.

Dementia affects the whole family. **The Terraces at Peachtree Hills Place is hosting a Virtual Dementia Tour** which uses patented sensory tools and research-based instruction conducted by P.K. Beville, M.S., a specialist in geriatrics and the founder of Second Wind Dreams®, that enables caregivers and loved ones to experience the physical and mental challenges those with dementia face each day.

If someone you care for is experiencing dementia, don't miss the opportunity to step into their world through this interactive experience.

Empower Yourself To Provide Better *Care And Support For Those With Dementia*
